

TEMPLATE 1

EASTERN ROSELLA

This template makes 4 eastern rosella boxes

Base is 260mm long, cut it to 230mm

side x 8 , back x 4, front x 4, base x 4 , top(lid) x 4

After cutting all the measurements, you will notice one BASE is slightly longer from strip 1, cut it to match others like strip 3 and 4
Strip 5 is the leftover cut which will be enough to cover the lid.
